

13 SEER

13 SEER ENERGY - EFFICIENT R-410A AIR CONDITIONERS

COMFORT - TECH

Engineered for quality and comfort.

FEATURES

- Environmentally friendly R-410A refrigerant
- High-performance, energy-efficient compressor
- High-efficiency condenser coil made of aluminum fins and refrigeration-grade copper tubing
- An in-line filter dryer, for longer system life
- A three-bladed fan; and a louvered sound-control top
- Louvered cabinet made of heavy-gauge galvanized steel
- Attractive Architectural Gray color complements any home

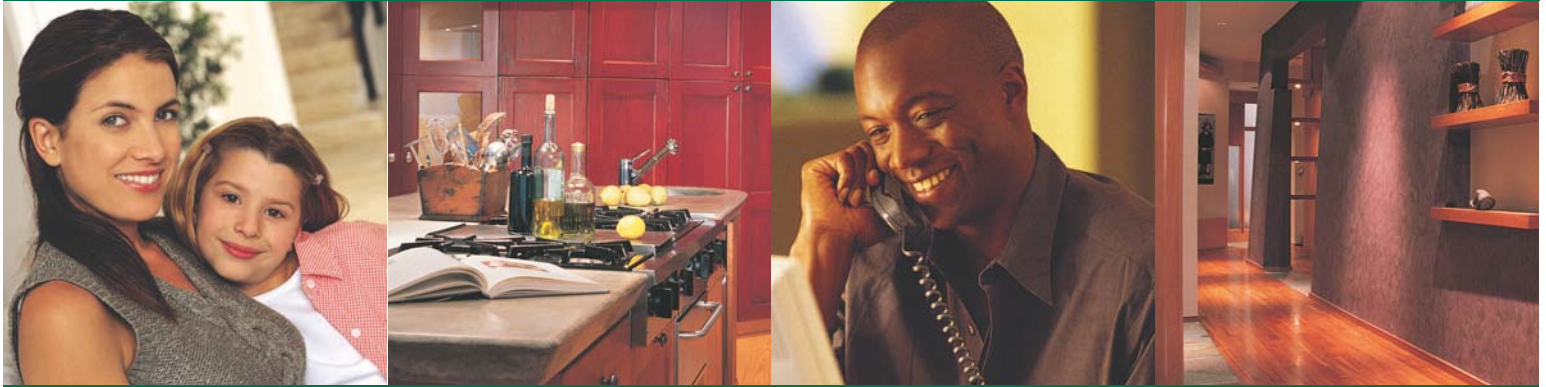

R-410A REFRIGERANT

Many refrigerants developed before R-410A contain chlorine, which is harmful to the ozone layer. R-410A is chlorine-free and therefore better for the environment. In fact, the Clean Air Act requires that as of 2010, all new air conditioning units manufactured in North America will use chlorine-free refrigerants. So by purchasing an R-410A air conditioner now, you're purchasing the latest in refrigerant technology... and helping the environment!

EFFICIENCY = SAVINGS

Your new air conditioner has a Seasonal Energy Efficiency Rating, or SEER, of 13, providing much more efficient energy use compared with the 8 SEER units found in many homes today. While the annual savings alone are impressive, the savings over time mean real dollars that stay in your pocket, not the utility company's.

13 SEER ENERGY - EFFICIENT R-410A AIR CONDITIONERS

Average Yearly Cooling Costs**

8 SEER:	\$536
13 SEER:	\$330

A new **Comfort-Tech 13 SEER Air Conditioner** could save you up to 38% on your cooling bills when compared with older units, assuming new and previous units are sized to provide the same output capacity.

**These figures represent estimated annual operating costs of a 36,000 BTUH system at \$0.0981/KVHR in St. Louis, MO, and were generated using the Energy Star® savings calculator provided by the DOE and EPA. These figures are for comparison purposes only; actual costs will vary according to personal use habits, square footage, location, how the unit is installed and the construction of your home.

UNBELIEVABLE WARRANTY

We protect your new air conditioner with a strong warranty, a testimony to our faith in the quality of this product. **The Comfort-Tech 13 SEER Energy-Efficient Air Conditioner** is protected by a **10-Year Limited Warranty** on its high-quality compressor and a **10-Year Limited Warranty** on all remaining functional parts.*

*Online registration required within 60 days of installation. Additional restrictions may apply.
