PERFORMANCE AND RELIABILITY

When you buy a Comfort - Tech 95% AFUE 2-Stage, Variable-Speed Gas Furnace, you are purchasing long-lasting comfort at a good price.

Comfort - Tech Variable-Speed Gas Furnaces are designed to provide you with years of quiet, trouble-free service—and high-efficiency performance that means significant cost savings for you.

Finally, Comfort - Tech 95% AFUE Variable-Speed Furnaces feature a heavy-gauge, reinforced, fully insulated steel cabinet and durable baked-enamel finish that will stand the test of time.

FEATURES

- Aluminized-Steel Tubular Heat Exchanger
Stainless-Steel Recuperative Coil
- Lifetime Heat Exchanger Limited Warranty PLUS
10-Year Unit Replacement Limited Warranty
- 95% Efficiency
- Energy-Saving Silicon Nitride Ignition System
- Quiet, Comfortable Two-Stage Heating
- Integrated Furnace Control with Diagnostics
- Fully Insulated Cabinet with Baked-Enamel Finish
- Variable-Speed, Direct-Drive Blower

FOR CONSISTENT HEATING COMFORT YOU CAN COUNT ON

Comfort - Tech 95% AFUE 2-Stage, Variable-Speed Gas Furnaces are manufactured with quality components that you can rely on. These features include two-stage heating and a variable-speed circulating blower that provides the ultimate in home comfort and energy efficiency. The variable-speed blower works to keep temperatures consistent at all times, eliminating heat stratification from floor-to-ceiling and room-to-room. The unit is multi-position to fit any application, has an energy-saving Silicon Nitride Ignition System, and has integrated controls with diagnostics for further reliability.

Benefits of Two-Stage Technology Include:

- Quiet furnace operation
- Virtual elimination of the stagnant pockets of air that can form when the furnace stops running
- Increased air filtration providing improved air quality

95% AFUE TWO-STAGE VARIABLE-SPEED GAS FURNACE

Average Yearly Heating Costs*

95% AFUE: \$2,693

60% AFUE: \$4,264

A new Comfort - Tech **95% AFUE Gas Furnace** could save you up to 37% on your heating bills when compared with older units, assuming new and previous units are sized to provide the same output capacity.

*Costs determined using the Energy Star® savings calculator provided by the DOE and EPA. These figures are for comparison purposes only; actual costs will vary according to personal use habits, square footage, location, how the unit is installed and the construction of your home. The additional savings that will be realized through the use of this furnace's variable-speed blower are not included in this calculation.

UNBELIEVABLE WARRANTY

The performance of a Comfort - Tech 95% AFUE Variable-Speed Furnace, high-quality aluminized-steel tubular heat exchanger is guaranteed with an unbelievable **10-Year Unit Replacement Limited Warranty**: if the furnace's heat exchanger fails during the first 10 years after installation while in the possession of the original owner, the owner will receive a new, comparable Comfort - Tech furnace for free. After the 10-year period, the unit reverts to a **Lifetime Limited**

Heat Exchanger Warranty, one of the strongest warranties in the industry. Additionally, the unit is protected by a **10-Year Limited Warranty** on all functional parts.*

*Online registration required within 60 days of installation. Additional restrictions may apply.

ENERGY STAR

Plus, at 95% AFUE, your variable-speed furnace meets the high-efficiency standards of the Environmental Protection Agency's Energy Star Program initiative.
